**SECURITY HAS NEVER
BEEN SO CLOSE**

RADIAL TECHNOLOGY

The new patented radial solution guarantees maximum resistance to the most advanced forced entry techniques.

DIGITAL PROTECTION

The new SECURiCARD platform protects you against unauthorised key duplication.

Red eXpert

Global security, local experts

For those who want maximum protection always close at hand, CISA has developed the new RX system that combines advanced technology with the convenience of professional service that is always at your disposal.

Just go to a Red eXpert Center and, in no time, you will be leaving with your personalised cylinder and duplicate keys, without waiting and with the certainty of complete protection.

**eXpert duplication.
eXtra security.**

**Patented System
Duplication by eXpert
Made in Italy**

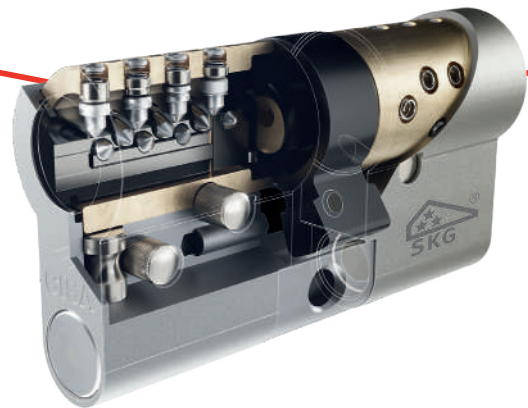

Welcome to the new era of security

At your Red eXpert Center, security is always close at hand.

SKG*** SECURITY

To counter the most sophisticated attempts at forced entry you need advanced systems. This is why at all Red eXpert Centers you will find radial technology RX cylinders with 5 rows of pins, patented and certified to offer maximum security and reliability.

PERSONALISED CYLINDERS

RX uses an innovative modular technology that offers many benefits:

- 60% more resistant to pulling
- acts as a deterrent against attempts at forced entry
- makes it possible to produce personalised maximum security cylinders directly at your Red eXpert Center.

AN UNMISTAKABLE KEY

RX is like no other key, thanks to its immediately recognisable design and the security guaranteed by both the mechanical patents and the registered shape trademark that protect it from unauthorised duplication and copies.

Mobile element that protects the key against cloning using a 3D printer.

IMMEDIATE DUPLICATION

You can immediately obtain duplicates by presenting your SECURICARD at any Red eXpert Center, where authorised experts will make your new keys guaranteeing total security.

DIGITAL PROTECTION

Enjoy the free benefits of the SECURICARD service

- History of all duplications
- e-mail or text notifications of all duplications
- two-step verification with OTP code
- digital duplication requests (ticket).
